SAY IT WITH ME NOW - THIS SEASON IS GOING BY REALLY FAST!

But don't they all? We are almost to the half way point of the 2022 car show season here in NJ. We've had some ups and downs with mother nature, a few cancellations here and there, but overall it's been a great time. We've seen a lot (a REAL lot actually) of new shows pop up, and many of our returning favorites are back. It's been great seeing everyone again, and making new friendships. There has been no shortage of events in all of our coverage area. We update our web site daily, so always check www.jerseyshorecarshows.com for new events we've added, or changes to existing ones. But for now, read on, enjoy, and we'll see you at a show very soon!

JULY

In Automotive History

July 3, 1886

Karl Benz is often credited as the inventor of the automobile. On July 3rd, 1886, Benz unveiled his invention to the world in Mannheim, Germany.

July 11, 1916

President Woodrow Wilson signed the Federal Road Act to improve road quality and encourage the building of a national highway system.

July 16, 1935

Much to the dismay of drivers everywhere, the first parking meter is installed in Oklahoma City, invented by Carl C. Magee.

July 23, 1903

Ford sells its first car, the Model A. The car was sold to Dr. Ernst Pfenning of Chicago, Illinois.

July 31, 1928

For a staggering \$170 million, the Dodge Brothers Company are acquired from investment bankers Dillon Read by the Chrysler Corporation.

Lakehurst July 4 Car Show

It's back! After a few years hiatus due to COVID the much loved and anticipated July 4th Car Show is back in Lakehurst NJ. This year's show will take place on Saturday July 2, with a rain date of July 9 2022. \$20 day of show to participate unless you pre-registered for \$15. All years, makes, and models are welcome and judging will be done by class.

REFLECTIONS IN THE REARVIEW...

As we are now a few months into the season, I've watched, observed, talked to car owners, show runners, and spectators. I've learned a lot from these observations and conversations, and I'll be sharing that with you here. We'll start with one of my favorite topics!

It's not about the trophies! Seriously, it's really not. We receive emails all the time asking "how many trophies at your show" or "how big are they" - we don't answer these emails. Ever. They are the only ones we ignore. Some of the best events we've been to this year only gave out a few of them rather than hundreds. These events had lots of other stuff going on as well - great music, home made food, gift auctions. But what did we do at these events rather than sit through an endless awards presentation? We mingled. We got to know other car owners and learn about their rides. We made new friends. People think it's strange when I go to a show and don't always park with my group of friends. I park near them, but not next to them. I do this so I can hopefully meet someone new at each show. At this years Surf Corvette show I did just that, and had a great time meeting new people. First time I saw Tim and his sweet 1967 Camaro at a show - we had a great time there. Last year many of us got to meet Jazz with the cool VW camper van. He was new to the car show scene but made friends fast - he was such a likable guy with a great personality. Over time we would talk, not just at shows, but over the phone during the off season. He couldn't wait for this season to start up again. He even got new car show shirts made and a new canopy for the VW. We had made plans to get together in December or January, but he got sick. he passed away in June. This issue is dedicated to him. I miss seeing him already at shows, I know everyone does. I am grateful to have met him. I am certain everyone else he met feels the same as I am sure he enriched their lives as well.

This is car culture in a nutshell. It's about friendships, family, forming lasting relationships - not winning trophies. Remember that every good friend was once a stranger.

NOT SO Famous Last Words

THANK YOU to all who came out on June 25th to Garden State Autorama to support us and our mission. We were able to raise \$2,786.00 which was donated to Vetwork right here in our home town of Forked River. Many have asked me why we stopped doing all the cruises and multiple shows each year and cut it down to just one. The answer is simple – for you. Post-COVID everyone is stepping up and putting on shows or cruises. Some days, there's 20+ things going on. A light day is 10 events! We don't want to take dates, times, and locations away from other clubs and organizations. We are here to support you, to promote your events, attend them, and help you be successful. We can't do that if we are running conflicting shows. When we started doing this years ago, it was simply because no one else publicized shows in our Jersey Shore and Southern NJ areas. Events were being missed, people weren't coming out. I am so thankful when someone comes up to me and says they would not be at this show if it were not for our web site. That's the reason why we slowed down and stopped

doing multiple events every year. Your support and friendship means the world to me, so from the bottom of my heart, THANK YOU!!

Big Al
