WHAT'S NEW FOR '22

BY BIG AL

You could say that the first thing that's new is this newsletter, and that would be true. However we've been hard at work vastly improving everything we do, from our web site, to social media, and methods to get the word out about our local automotive events. The way information is presented on the website is greatly improved, and the inner workings of the site itself were re-tooled to make it faster. We've also started covering more of NJ, including Middlesex and a section for Northern NJ events. We've also made it easier to find new listings by way of a Recently Added

Events page. But that's not all. This year, more than ever, we are committed to our mission of "Preserving and Promoting the Garden State Car Culture". We'll be running only one event this year, Garden State Autorama so we can focus on attending shows and spreading the word about events everyone can attend. So if you see Zora, our C4 Corvette out and about, please stop by and say hi! We'll have upcoming event info on hand, and can also connect with you people and services to make your ride the trophy winner it was destined to be. We may even have some swag for you!

But most importantly, thank you for all your help and support as we grow to serve you better! And as always, thanks for keeping us the #1 automotive resource in NJ!

Showfield Showdown

A Rare Ford XL

Shows & Sponsors

SHOWFIELD SHOWDOWN

BY PREZ PATRICIA

We must have broken a record last year as there were roughly 700-ish events throughout the state. As the season went on, many shows wound up pushed back to September and October, and on some days there were 25 or more events taking place vying for your attendance. This year, we ask showrunners to check our calendar before you pick a show date as some dates are already filling up fast. After all, there are only so many weekends in a season. Here are a few upcoming shows/events we are planning on attending, and you should to:

- March 20 - Hot Rod Garage Open House, Berlin NJ
- March 27 - South Jersey Region AACA Swap Meet, Woodstown
- April 2 - Howell Cars & Coffee, Howell
- April 3 - St Baldricks Fundraiser, Williamstown

You can find the flyers and all information on our website. Also don't forget to like us on Facebook and follow us on Instagram. We're also on YouTube and will be uploading video of all the events we attend along with other original content. We'll see everyone soon out on the show fields!

If you see Zora at a show, please come over and say "Hello!"

A RARE FORD XL MOVES TO NEW JERSEY

BY BIG AL

For our friend Peter, it was love at first sight with this 1969 Ford XL Convertible. So much so, he had it shipped from its original home in West Virginia to New Jersey. But it wasn't until he received his Marti Report on the car that he realized just how rare it is. To start, this vehicle was built 11 days ahead of schedule on May 20, 1969. It was one of only five made with its particular paint and trim codes, and only one of 183 painted by the factory in Oxford Gray. It's powered by the original 429 V8 and C6 automatic transmission. It's finished off with a white convertible top and red interior and bench seat.

The car runs like new and is a blast to drive! The 429 V8 puts out 360hp and 480 lbs-ft of torque. Even though this is a big car weighing in at around 3,600 lbs with a 121 inch wheelbase, you can still spin the wheels and do some cool burnouts. In reality, it's a muscle car disguised as a luxury vehicle.

This ride is certainly a head turner with the beautiful Oxford Gray paint shining in the sun. When it was delivered there was even a best paint trophy in the trunk from a show in West Virginia.

We can't wait to see it this season out at shows. When you spot this car, say hello to Peter, its owner, and let him know you read about it here at Jersey Shore Car Shows.

What's a "Marti-Report"? Simply put, its a vehicle history report for a Ford vehicle. They are available for 1967-2017 model years. Go to www.martiauto.com to get one!
